EXAMINER'S AMENDMENT/COMMENTS

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Donald Muirhead (Reg. # 33,978) on June 24, 2005. The preamble of claims 16 and 21 directed toward a computer program were modified to avoid the possibility of the claims might be interpreted as non-statutory invention.

The application has been amended as follows:

- a. Claim 16, line 1, insert -- implemented on tangible media -- after "product".
- b. Claim 21, line 1, insert -- implemented on tangible media -- after "product".

Allowable Subject Matter

The following is an examiner's statement of reasons for allowance:

Claims, 6, 16, 21 and 31 recite, inter alia, a method/apparatus of a system with at least two processors wherein a first processor receives and determines whether to perform at least one operations of a *multi-execute command being a single system call*

according to a data structure of the command and forward the command to the second processor; wherein the *data structure having indicator for each processor* indicating whether each of the processor is to perform the at least one operation.

The references of record do not teach or suggest the aforementioned limitation, nor would it be obvious to modify those references to include such limitation.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kim Huynh whose telephone number is (571) 272-4147.
